Career Objective

Aspiring Full Stack Web Developer with knowledge of HTML, CSS, JavaScript, React.js, Node.js, Express.js, SQL, and REST APIs, while currently learning MongoDB. Passionate about building responsive, interactive, and user-friendly web applications using modern technologies.
Experienced in academic projects and hackathons with hands-on problem-solving and teamwork skills. A quick learner seeking an internship opportunity to apply technical skills, gain industry experience, and grow as a software developer.

Education

SY B.Sc. (Information Technology) – Sathaye College | CGPA: 9.30
HSC (12th) – Sathaye College, 2023 | Percentage: 73.79%
SSC (10th) – Divine Child High School, 2021 | Percentage: 96.20%

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** SQL, MongoDB (Learning)
- **Concepts:** Responsive Design, DOM Manipulation, Component-Based Development, UI/UX Basics
- **Tools:** VS Code, Git, GitHub, MS Office
- **Other Skills:** Debugging, Problem Solving, Cross-Browser Compatibility

Project Experience

Gymkhana Website Development (Ongoing)
● Developing a responsive web application using HTML, CSS, JavaScript, PHP, and Docker
● Implemented database design and established backend connectivity using PHP
● Completed approximately 60% of the overall project, including frontend structure and backend integration setup
● Building a user-friendly interface with organized navigation and responsive design for multiple devices
● Actively working on improving performance, debugging issues, and completing remaining backend features

Core Knowledge

- Understanding of Full Stack Web Development concepts with experience in frontend and backend technologies
- Knowledge of modern web development practices including responsive design and API integration
- Experience in building interactive user interfaces using React.js and JavaScript
- Familiarity with backend development using Node.js, Express.js, and REST APIs
- Understanding of database concepts with SQL and MongoDB (Learning)
- Ability to debug, optimize, and improve web application performance

Soft Skills

Communication • Teamwork • Problem-Solving • Flexibility • Time Management

Hobbies

Reading • Crafting
